

JOB TITLE: Staff Nurse – Registered Nurse (RN)

DEPARTMENT: Nursing

CLASSIFICATION: Non-Exempt

REVISED: 5/2022

POSITION DESCRIPTION

SUMMARY:

The Staff Nurse, RN is responsible for managing individualized patient care by promoting and restoring patients' health through the nursing process, collaborating with physicians and multidisciplinary team members, providing physical and psychological support to patients, friends, and families, and supervising assigned team members. The Staff Nurse, RN will report to the Clinical Director for the assigned Department.

ESSENTIAL JOB FUNCTIONS:

- Support nursing care standards through adherence to existing policies and procedures
- Obtain and document nursing history from patients and guardians that are comprehensive of the present condition and prior problems
- Perform basic assessment of patients, indicating adequate knowledge of anatomy, physiology, and pathology
- Record vital signs, note changes and pursue more-specific investigations as needed
- Identifies abnormal diagnostic data and show a fundamental understanding of its implications by reporting information to the physician and others caring for the patient and incorporating data in the nursing care plan
- Implement established policies and procedures for clinical and technical aspects of care and nursing orders
- Intervene with proper technique, design, and safety precautions to meet patients' individual needs
- Implement portions of a medical plan of care through physician orders
- Document nursing interventions, patient response, effectiveness, complications, etc., as well as communicate information to appropriate individuals
- Evaluate and note the patient's response to nursing care defined in the medical records
- Assume responsibility for professional growth by current reading and attendance at educational programs and unit meetings
- Regularly attend the unit meeting and make recommendations for improvement in patient care
- Function as Charge Nurse when assigned, providing leadership and direction to staff and assuring the provision of care to all patients on the unit
- Administer and monitor medications per physician order
- Note and carry out physician orders

RELATED JOB FUNCTIONS:

- Contribute to a welcoming atmosphere
- Provide crisis intervention for individuals in acute psychiatric distress
- Coordinate transfer of care to the appropriate health facility, if warranted
- Conduct trauma-informed, recovery-oriented health, and wellness-focused groups
- Communicate with all referral sources to clarify any questions and facilitate a safe transfer to the CRU
- Comply with attendance and punctuality policies, as well as all other Common Ground policies and procedures
- Participate in training and orientation of new employees
- Perform other job-related duties as assigned

SUPERVISION:

- Supervise care given by nonprofessional staff and/or Licensed Practical Nurse (LPN) and provide instruction as needed

JOB TITLE: Staff Nurse – Registered Nurse (RN)

DEPARTMENT: Nursing
